Regarding the core credit for Private Apps. for filling out their surveys, I checked with Jerry Coleman who double checked with Fran Gerding and they do not give anyone credits for returning the survey info, Private or Commercial. I hadn't heard of that, although I don't have anything to do with the surveys, but as Jerry said, they are required by our regulations, subchapter 10.9 to be exact, to submit that info to us upon request. I think, and Jerry does as well, that there was a special project which allowed them to receive credits at one time, but not routinely. I do know, however, that Private Apps. will receive core credits for a compliance assistance inspection for WPS with Nancy Santiago if they arrange such an inspection. Maybe that was what was alluded to. ...
