Subject: EPA Ag Center's annual survey-\$100 drawing

Posting to the Ag Center listserv on the National Agriculture Compliance Assistance Center (Ag Center) annual survey from Director Ginah K. Mortensen. This would apply to all users of the service including foresters, and nursery and greenhouse.

Hello Ag Center News Service Subscribers,

It's that time again-- the Ag Center's annual survey. This year it is an abbreviated survey of only 7 questions with an option to sign-up for a drawing for a \$100 gift certificate. The survey will only be posted until October 8 and is at <http://www.epa.gov/agriculture>

You and the groups you interact with are a primary audience for the Ag Center and I'd like to get feedback on our services. I encourage you and your colleagues to take the survey mentioned below.

Also, I would appreciate it if you would please pass this email along to any email lists you maintain and encourage them to give us their feedback through the survey.

Thank you very much. I really appreciate it.

Ginah

Help the Ag Center improve its services:

Request for Feedback on National Agriculture Compliance Assistance Center (Ag Center)

It's that time again-- the Ag Center's annual survey. This year it is an abbreviated survey of only 7 questions with an option to sign-up for a drawing for a \$100 gift certificate. The survey will only be posted until October 8 and is at <http://www.epa.gov/agriculture>

The National Agriculture Compliance Assistance Center (Ag Center) would like your input on its services and information. The input you provide via this survey is an integral part of how EPA evaluates the value of the Ag Center, and is a valuable tool for our own self-improvement. Results of past surveys have helped us to improve the Ag Center and helped EPA understand the importance of this compliance assistance resource. Responding with your suggestions and comments is a way to show support of the Center and the services and information it provides - even beyond what the survey covers. In these times of budget cutbacks, results and impacts are what drive government expenditures. Help ensure continuing support for the Ag Center by responding to the survey and demonstrating the value of the Center to its users. Even if you have completed a survey in past years, please do so again.

The survey can be completed anonymously and is just a few quick questions this year.

Upon completion of the Ag Center survey, you will have the option of submitting contact information which will enter you into a drawing for a \$100 gift certificate!

Please forward this message to any ag-related email or listserv lists you maintain, or insert this into any newsletters you produce so that we may get the widest possible input.

We appreciate your feedback.
